ALUMINIUM MILK CAN

ALL SIZES ALUMINIUM MILK CANS

About Us

An ISO 9001: 2015 certified company, Bimal Aluminiums, is based in Yamunanagar in Haryana. The Indian Ministry of Commerce has designated our company as an authorized export house. In dealing with aluminium alloys, we have a wealth of knowledge spanning more than four decades. Our first product was an aluminium alloy milk can. Apart from this, Aluminium Alloy Milk Cans, Bulk Milk Coolers, and Aluminum Extrusion Sections/Profiles are among the products we export and manufacture to over 45 countries globally. Our dedication to quality can be seen in the fact that we produce our products according to the applicable international standard. We have obtained all essential product certifications and approvals. With a sizeable annual revenue, we have established ourselves as a prominent manufacturer of aluminium products in India. Because of our high product quality, we have attracted customers from various international markets. Our efforts have been beneficial in earning us a reputation as a reputable firm in the industry, thanks to a mindset that places a premium on giving value for money.

We are a bench mark in our business group in the Indian & International Industry. The company is known for its customer delight & qualitative service through continual technological up gradation. Company has a burning desire with intensity to become benchmark all the globe every time by raising the standards of manufacturing and Services so as to become automatic choice to its customers thus bringing pride to all its team.
